Very few poems touch me the way this one. Undoubtedly, many types of scholars will treasure New Perspectives on the European Bildungsroman, in which Summerfield and Downward have

indeed widened the horizons of this classical genre. In every circle conversations show that now, when the passing of competitive examinations renders them eligible for the public service, youths are being educated in such ways that they may pass them and get employment under Government. Add and subtract within Understand Even and Odd Numbers.

The corollary of this theory is that since Hell has frozen over, it follows that the book is far cleaner than the norm. Fold-outs, if any, are not part of the book.
