Beatriz, Filha de El-Rei D. In this context, he comments that the Early German Romantics were frustrated in their attempt to renew the theory of Ideas because truth took on the character

of reflective consciousness for them, rather than that intentionless, linguistic character in which things were subsumed under essential Names by Adam's primal-interrogation [urvernehmen] OGT, Naming is the primal history [Urgeschichte] of signifying, indicating a thing-like disinterest which contrasts with the directed, unifying intentionality of Husserlian phenomenology OGT, Finally, and most famously, Benjamin compares the virtual objectivity of the Idea represented through the reconfiguring of actual phenomena to an astrological constellation, which simultaneously groups together and is revealed by the cluster of individual stars.
